**Posters Prepared by M. Sc (Audiology) students for whats App status.**

The poster is for National Speech and Hearing Awareness Week, held from the 3rd to 10th of December 2023. It features two logos at the top: the Helen Keller Institute logo on the left and the Indian Speech Language & Hearing Association logo on the right. The title "NATIONAL SPEECH AND HEARING AWARENESS WEEK" is written in a large, blue, curved font across the top. Below the title, the dates "3rd to 10th December 2023" are printed. A prominent quote by Helen Keller reads: "ONE DAY OUR PATIENTS WILL BE ABLE TO TELL THEIR OWN STORIES, AND WE WILL NO LONGER HAVE TO CONVINCE NAYSAYERS THAT DEAF CHILDREN CAN LISTEN AND SPEAK" -HELEN KELLER. The theme is stated as: "THEME: 'UNITED IN ACTION TO RESCUE AND ACHIEVE THE SUSTAINABLE DEVELOPMENTAL GOALS FOR WITH AND BY PERSONS WITH DISABILITIES'". A slogan at the bottom left says "Your hearing power is in your hands !". Four photographs are included: a woman assisting two children with their schoolwork, a man using a laptop in a clinical setting, a woman working with a child at a desk, and a man holding a child in a room.

**Awareness program-  
DISABILITY REHABILITATION-NEED FOR AN MEDICO-REHAB  
TEAM.**

**By Dr.K.Narendiran at Sky Speech & Hearing care, Coimbatore on  
10.12.2023. Ph:94430 26272, 9543217409.**

Disability is a physical, mental, cognitive, or developmental condition that impairs, interferes with, or limits a person's ability to engage in certain tasks or actions or participate in typical daily activities and interactions. Usually it is [permanent](#) or [lasts](#) for a [long time](#).

The 21 disabilities covered are as follows.

1. Blindness	8. Mental Illness	15. Speech and Language disability
2. Low-vision	9. Autism Spectrum Disorder	16. Thalassemia
3. Leprosy Cured persons	10. Cerebral Palsy	17. Hemophilia
4. Hearing Impairment	11. Muscular Dystrophy	18. Sickle cell disease
5. Locomotor Disability	12. Chronic Neurological conditions	19. Multiple Disabilities including deaf-blindness
6. Dwarfism	13. Specific Learning Disabilities	20. Acid Attack victims
7. Intellectual Disability	14. Multiple Sclerosis	21. Parkinson's disease

Rehabilitation. *Rehabilitation* is the act of restoring something to its original state.

Speech-Language therapists and Audiologists work with children to adults at all age levels. They carry out assessment, Diagnosis, Therapy intervention, Prevention etc. They work in wide variety of contexts including community health centers, hospitals, Special/ Regular schools, Research Labs, Private clinics, Industries and also at homes.

Here as Speech and language pathologists and Audiologists, our focus is mainly on the areas of communication, voice, speech, language, hearing, feeding, swallowing etc. In dealing with these communication problems, multiple challenges are encountered. This requires the collaboration of other professionals too. This includes medical/ Health professionals, Therapeutic Specialists, Special / Regular educators, Appliances Dealers, Government/NGOs, Parents /Family members, and Public including the Media. It will help

- 1) To have a comprehensive and Specific Diagnosis
- 2) Integrated Therapeutic plan and total outcome.
- 3) To gain academic knowledge among professionals
- 4) To value the potentials of other Professional colleagues.

The success of Medico Rehab Team depends on

Thorough Planning, Proper Training under a coordinator, Compatible outlook and practice, Mutual respect among members, Periodical meeting. Team should have competence, Coordination, mutual respect for other professionals, and to have a collective planning for achieving a sustainable outcome. Team needs to be created, organised and nourished.

You're warmly invited to join us at a public awareness  
lecture commemorating the International Day of Persons with Disabilities,  
ISHA - Indian Speech-Language and Hearing Association
